The ABC's of Summer

An exciting season of seeing God move in the hearts and minds of students

The Summer of 2010 was a busy and exciting time for ABC. More than 4,200 campers attended this summer. This was an increase of nearly 10% from last summer.

Students experienced a summer of fun at ABC through wild, crazy, and sometimes messy games, swimming, sports, and the recreation building. More importantly students were introduced to the gospel or challenged to have a deeper relationship with Christ through worship and Bible study.

With a total increase of summer attendance and activities, the cafeteria expansion was truly tested for the first time. The expansion passed with flying colors and has helped enable ABC to minister to many more students and adults. Thank you to all that have supported and continue to support ABC.

Global impact of fruit God produced at ABA

Jimmy Warren, father of internationally known pastor and author Rick Warren, graduated from ABA in 1941. In chapter three, "Roots of Faith", of the book "Prophet of Purpose: The Life of Rick Warren", Author Jeffery Sheler discusses the impact that ABA had on the Warren family.

According to Sheler's research, Jimmy came from a "mildly Christian home." While at ABA, his faith "caught fire and really began to grow spiritually." Intense Bible reading became part of his life as well as soaking in the daily sermons at the chapel services.

During his time at ABA, He felt God's call to the ministry and answered that call. His senior year at ABA, he preached at a mission church. Also, while at ABA, he also worked in the school's maintenance shop, went to Eunice for the movies, attended fellowships at Pilgrim Rest Baptist Church, and enjoyed playing board games and singing hymns with other ABA students.

Camp Manager's Report

God uses your support to produce fruit. Fruit that will last.

Have you ever been in a worship service where the spirit was so strong that the preacher didn't even preach and people kept going to the altar?

Being at ABC, I have been blessed to be a part of many of those type of worship services over the years. We had one of those this summer and afterwards no one wanted to leave. People wanted to just stay and soak it all in. These are one of those spiritual markers Henry Blackaby talks about where you can look back and remember what a real God we have and you realize you have been a part of something special that doesn't happen often enough. Being at some of these services and working with my family in the ministry this summer has to be two of the highlights of my life.

The Summer of 2010 surely was an amazing summer with over 2000 more people attending ABC by the end of July than the previous year and having 183 professions of faith. We had 4 worship services in the gym because our chapel was too small to hold the services. This was our first summer using the new dining hall expansion. The additional seating, hallways, restrooms, and new serving lines are an amazing blessing. The new walk in cooler and freezer help tremendously.

The three cabins behind the camper park are an asset that gives us extra room for ministers and special guests. The bathhouse by the pool also helps in our service to swim groups and campers in the camper park. We are still praying and seeking God's will about how to best utilize our new property to the south and east of us. New ball fields, a lake and more cabins are some options that are being considered.

Even though ABC has had great attendance and numerous building projects, we are still dependent on your prayers and support. The dining hall expansion cost \$767,047 with furnishings and we borrowed \$380,000. Our note is down to \$356,000. Thank you to all the individuals and churches that have made special donations to this effort. A special thank you to our contractor and board member, Joey West, who labored tirelessly to complete the project \$100,000 under projected cost and came back in the heat of early June to re-roof our flat roof around the gym complex to enable all the campers to have dry rooms this summer. Volunteers and supporters mean so much to the work here.

I would like to share a ministry with you started this summer, and is led by a former staffer. She is leading a water aerobics class for adults in the evenings and swimming lessons while the weather is warm. Contact our office for more information if you are interested in participating in the aerobics class or taking swimming lessons.

ABC is a nonprofit corporation supported by 6 associations, 80 churches, and many caring individuals and companies. Encourage your church to pray for ABC and support the ministry. Many lives are touched in the camp and retreat environment each year and those lives produce fruit that echoes throughout eternity.

Children's Retreat Featuring John Yates & Friends

November 12-13 for children in grades 1st—6th. Cost: \$35.00 per person.

John Yates is "creative, informative and fun, but most of all right on target for today's children. He presents the gospel in words that they can understand and apply to their lives. He is foundational and age appropriate and believe me that is hard to find when looking for someone special to reach children. John is perfect as a camp pastor, a children's event, an adult event, or a revival. He can hit any age and make an impact on their lives. He makes each of us think in creative and fresh ways." - Phyllis Nicholson, New Union Baptist Church, Dayton, TN. Preschool/Children's Minister. Call today to Register your group!

Acadian Outdoor School

For Public & Private Schools, Home School Associations, Churches, Groups/Clubs, & Teams

Acadian Outdoor School offers team building exercises and outdoor challenges that are interactive. The Acadian Outdoor School can be a stand alone trip or part of a retreat/event at ABC.
